NOTE FOR ANSWERING SUPPLEMENTARIES.

The scheme for the opening of Veterinary Institutions in the State is included in the Five Year Plan. The ultimate aim of the Department is to open one Veterinary Dispensary for each taluk which is being delayed due to financial considerations. During the year 1954-55 the Government sanctioned the opening of nine Veterinary Dispensaries of which one will be located at Kanhangad.

2. The conditions under which these institutions are opened are:-

1) substantial contributions from the local boards, private bodies, or local people who will be benefited should be forthcoming;

2) the cattle population should justify the opening of a dispensary.

In exceptional cases even where no contribution is forthcoming Government may open a dispensary and bear the entire cost if there is an urgent and real need of it.

3. In the case of a Veterinary Dispensary to be opened at Kanhangad, the Kanhangad Panchayat Board had agreed to contribute 50% of the recurring and non-recurring expenditure. The D.A.H. who was asked to take expeditious action to open the Dispensary at Kanhangad has now reported that as the promised contribution by Panchayat Board is not forthcoming, the dispensary
